PREMIUM BIRD TABLES

ASSEMBLY INSTRUCTIONS

Safety and Care Advice

- Keep children and small animals away from the work area, small parts may cause harm if swallowed.
- Ensure you have enough space to lay out all the parts prior to assembly.
- Assemble on a soft level surface, preferably covered with a towel, to avoid damaging the table or your floor.
- This product has been dipped using water-based and non-toxic wood stains, which are not harmful to the birds.
- If you wish to re-treat your Premium Bird Table, please use a bird safe, non-toxic treatment.
- We recommend cleaning the table regularly, using a bird-safe disinfectant.
- Please keep these assembly instructions for future reference.

Contents

Please ensure you have all the contents listed prior to assembly.

Components:

The Head Piece

2x Post Pieces (1x with a square post-top)

2x Foot Pieces

Screw Pack:

4x 50mm Standard Screws

2x Bolts

2x Washers

2x Wingnuts

Assembly Instructions

Carefully remove the component parts of the bird table and the screw pack from the box and double check you have all the contents required. To get the best from this product, please read these instructions fully before assembly.

Step 1

Take the 2x foot components and insert them together.

Step 2

Take 2x 50mm Standard Screws and tightly secure the upper post to the lower post using a cross head type screwdriver.

IMPORTANT: The upper post is the piece with the square post-top.

Step 3

Place the lower post component in to the socket.

Step 4

Using 2x 50mm Screws, secure the foot and lower post together.

Step 5

Sit the head of the table on the post-top ensuring it is central.

Place 2x bolts through the holes in the table tray and through the holes in the post-top. Once through, place a washer and wingnut onto each bolt and tighten securely.

You have now completed the assembly of your Premium Bird Table.
